**RE: Metering & DN Pension Deficit Charges from 1 April 2022.**

National Grid NTS provides metering charges for those services that it is obliged to offer under its Gas Transporter Licence coupled with those services that are currently offered for historical / legacy purposes i.e. where a Datalogger or Converter has been fitted at an NTS Site or there is a maintenance requirement for an NTS High Pressure Meter Installation.

National Grid is publishing this notice, for awareness, to provide the Metering Charges from 1 April 2022. These charges will be revised from 1 October 2022, and the updated prices will be notified in the Transportation Statement published in July 2022 as part of the notification of General Non-Transmission Services charges.

The Metering Charges applicable from 1 April 2022 are shown in Table 1 of the attachment to this notice.

The DN Pension Deficit Charge relates to the share of the pension deficit cost allowance associated with former employees of the DNs is recovered via the DN Pension Deficit Charges levied on each of the DNs on a monthly basis. The monthly charges from 1 April 2022 are zero.

If you have any questions relating to this notice, please contact our charging team at [box.NTSGasCharges@nationalgrid.com](mailto:box.NTSGasCharges@nationalgrid.com).

Yours sincerely,
