Notice of Implementation – Statement of Gas Transmission Connection Charges – Effective 28th January 2019

Following review of NTS Connection Application Fees, National Grid hereby gives notice to implement changes to the Statement of Gas Transmission Connection Charges with effect from 28th January 2019.

The revised Statement of Gas Transmission Connection Charges (Rev 9) includes the following changes.

Amendments to:

- Reduce application fees for Simple and Medium Full Connection Offers.
- Apply Simple (Greenfield) application fees to Entry to allow a lower fee option.
- Quantify specific charges for pre-connection study categories to allow transparency of these indicative fees which have a pre- defined scope

The updated version (Rev.9) of the Statement of Gas Transmission Connection Charges will be effective from the 28th January 2019 and will be available on the National Grid website.
