

Murrow Commissioning zero baseline point notice

Mon 15/06/2020 12:18

ENA Regulation <regulation@energynetworks.org>

EXT || New NTS Exit point

To ENA Regulation

Dear Industry Colleague,

Please note, the following message has been sent on behalf of National Grid Gas Transmission:

In accordance with our Gas Transporter Licence Special Condition 5G: Part F, a new NTS Exit point as detailed below has been added to the Zero Licence Baseline Exit Capacity Table.

This table can be found on the Long Term summary report here:

Exit Report: <http://mip-prod-web.azurewebsites.net/ExitCapacityPublication/Index> (Publication Type: Long Term Summary)

| | |
|-----------|----------------------|
| Site Type | Exit DC |
| Site Name | Murrow Commissioning |
| Baseline | 0 |

If you have any questions regarding the above, please contact Nicola Lond at Nicola.j.lond@nationalgrid.com
