Dear Martin,

The Statement of the Gas Transmission Metering Charges – 1 April 2009

This letter acknowledges receipt of the Statement of the Gas Transmission Metering Charges and notes the revisions set out in the statement. These changes have been made to maintain accuracy in the charging rates pursuant to paragraphs 7 and 8 of Standard Special Condition A43 of National Grid Gas plc's (NGG) gas transporter licence.

As the form of the statement has not altered, NGG is not required to seek approval from the Authority.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Stuart Cook", with a long horizontal line extending to the right.

Stuart Cook
Director, Transmission
Duly authorised on behalf of the Authority
