

The benefits of AMR for industrial sites

Automated Meter Reading (AMR) is no longer a 'nice to have', it's fast becoming the standard for energy-conscious businesses. For large sites and energy-intensive operations, AMR offers measurable value.

Here's why more industrial clients are switching to AMR now.

Better energy efficiency

Enhanced visibility

No more manual reads

Improved billing accuracy

Supports ESG and compliance

Future-proof infrastructure

How we support AMR adoption

At National Gas Metering, we offer retrofit and new-build AMR solutions for industrial gas meters – with:

- ✓ Tailored support
- ✓ Easy onboarding, and integration with your reporting platforms
- ✓ More accuracy, less admin, no hassle
- ✓ Your data delivered dependably.
