

TERMINALS & LNG GAS AVAILABILITY STATUS INFORMATION FORM

National Gas Transmission (NGT) is currently experiencing a shortage of gas which could potentially affect security of gas and electricity supplies. To avert a potential Network Gas Supply Emergency, NGT needs to better understand gas availability from the gas supply industry over the next 48 hours to determine the balance between gas and electricity supply and demand.

Please urgently complete the information requested below and issue to NGT at gasops.emergency@nationalgas.com, cc'ing energy.resilience@nstaauthority.co.uk
